air diffusion

About OLIMPIA SPLENDID

Italian company since 1956

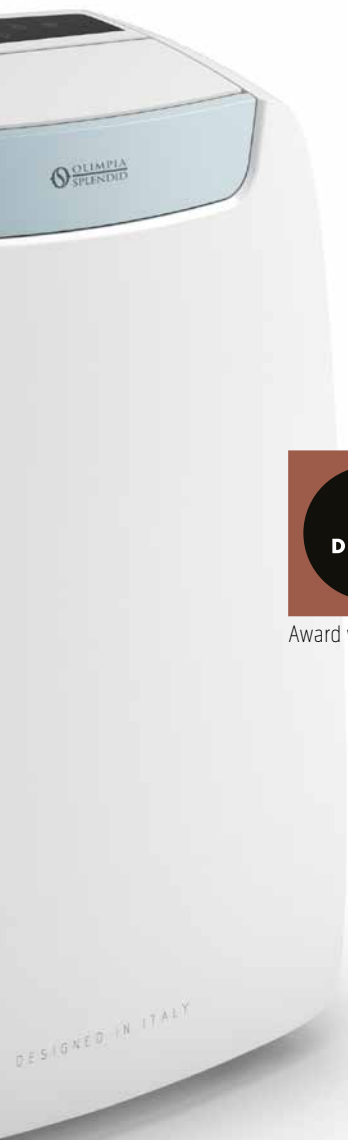

For more than 60 years, Olimpia Splendid has been designing and manufacturing air conditioners, heaters, air purifiers and hydronic systems in Italy. These unique and innovative products have underpinned the company's international expansion. Today you will find Olimpia Splendid products in more than 45 countries, including Australia and New Zealand, where our products perfectly suit the region's diverse climatic conditions.

Home of comfort

Personal comfort is our mission. By designing and constructing products with a keen eye for aesthetic values, respect for the environment and the best technology, Olimpia Splendid confidently brings its innovative solutions to the world.

Locally supported

Olimpia Splendid has a dedicated local presence to support its Australia and New Zealand operations. This extends to after sales service and the supply of spare parts.

Our PORTABLES RANGE

Award winner 2019

Italian design

Olimpia Splendid is proud to integrate cutting edge research and design from the very outset of product development. This early marriage of perspectives results in stunning innovations that blend purposeful engineering, modern form and arresting aesthetics.

Innovative technology

Olimpia Splendid's air conditioners have been designed according to an innovative system of air distribution, in order to obtain uniform airflow and guarantee maximum comfort. Thanks to our Blue Air Technology system, the emitted cold air does not directly hit the occupants in the room. Instead, it targets a height of four metres and a width of more than 3 metres to create a uniform temperature in the environment. Perfect air diffusion is supported by the motorised flap, which makes possible the ideal airflow adjustment.

NATURAL REFRIGERANT R290

Silent 10 P

Perfect combination of quiet operation and cooling efficiency

Silent 10 P CODE: 02076

- Maximum cooling capacity: 9,000 BTU/h
- Cooling capacity: 2.40 kW⁽¹⁾
- Input power: 1.1 kW
- Power supply: 220-240V/50HZ
- Dehumidification capacity: 1.5 l/h⁽²⁾
- Room air flow (max/min): 355/206 m³/h
- Fan speeds: 3
- Flexible pipe: 1500 mm
- Dimensions (W x H x D): 396x762x460 mm
- Weight (without packing): 29.8 kg
- Sound power level (indoor only EN 12102): 63 dB(A)
- Refrigerant gas: R290

BLUE AIR TECHNOLOGY

Our unique technology allows perfect airflow diffusion. Experience rapid cooling and a sustained optimal temperature throughout your entire space.

REMOTE CONTROL INCLUDED

The user-friendly remote control offers quick and easy setting of all functions.

OPERATIONAL LIMITS

INDOOR TEMPERATURE

OUTDOOR TEMPERATURE

Maximum operating temperature in cooling mode	DB 35°C WB 32°C	DB 43°C WB 32°C
Minimum operating temperature in cooling mode	DB 17°C	DB 18°C WB 16°C

(1) Output power for cooling (AN/NZS 3823.1.5:2015). Indoor temperature 35/24.
 (2) Dehumidification test. Indoor temperature DB 30°C-80%RH.

Airpro 13/14 P WIFI

Powerful cooling with
Wi-Fi convenience

Airpro 13 P WIFI CODE: 02082

Maximum cooling capacity: 10,000 BTU/h
Cooling capacity: 2.93 kW⁽¹⁾
Input power: 1.15 kW
Power supply: 220-240V/50HZ
Dehumidification capacity: 2.01 l/h
Room air flow (max/min): 420/355 m³/h⁽²⁾
Fan speeds: 3
Flexible pipe: 1500 mm
Dimensions (W x H x D): 490x765x425 mm
Weight (without packing): 32 kg
Sound power level (indoor only EN 12102): 62 dB(A)
Refrigerant gas: R290

Airpro 14 P WIFI CODE: 02038

Maximum cooling capacity: 12,000 BTU/h
Cooling capacity: 3.50 kW⁽¹⁾
Input power: 1.6 kW
Power supply: 220-240V/50HZ
Dehumidification capacity: 3.52 l/h
Room air flow (max/min): 420/355 m³/h⁽²⁾
Fan speeds: 3
Flexible pipe: 1500 mm
Dimensions (W x H x D): 490x765x425 mm
Weight (without packing): 34 kg
Sound power level (indoor only EN 12102): 62 dB(A)
Refrigerant gas: R290

INNOVATIVE FUNCTIONS
Auto/Blue Air: one touch for perfect room temperature and air diffusion.
Follow Me Sensing: the remote can be used as a mobile thermostat for temperature control, creating a stable temperature and reducing energy use.

APP OS COMFORT
 Manage your air conditioner from your smartphone, thanks to the integrated Wi-Fi.

Available on the **App Store** | **ANDROID APP ON Google play**
